

Stephens Monument Company is locally owned and operated by a family who understands the emotional aspect of purchasing a monument. We treat every family as we would want our family to be treated. We take our time and listen to you and your loved ones so we can help you tell their story in stone. We never forget that you're not just purchasing a stone, you're preserving a memory.

We'll be glad to show you the wide variety of sizes, shapes and colors of monuments we can

create in marble and granite. In addition to monuments we also offer:

- Porcelain portraits
- Flower vases
- Benches
- Pet monuments
- Granite signs

All of our prices are quoted to include all taxes, engraving and installation. The only thing our prices do not include are future engravings, such as final dates. Monument prices are based on size, color and how many sides are polished. Sizes also vary by two inches, therefore, if you are shopping for the best price always compare the exact sizes and prices. We can also match any sizes and designs you see in any cemetery.

We look forward to serving you and your loved ones. Please contact us any time.
